WisDOT schedules roundabout seminar at Neenah City Hall

Traffic experts ready for all your roundabout questions November 4

(Green Bay) A meeting to provide information about roundabouts is scheduled for Thursday, November 4, from 5 p.m. to 8 p.m. at Neenah City Hall, 211 Walnut Street. Anyone is welcome to attend the event, and there is no cost. The seminar is all about roundabouts: what they are, why they are being built as part of the US 41 Project and what motorists need to know about driving through them. It will be an "Open House" style meeting, so anyone can drop in at any time from 5 p.m. to 8 p.m. Wisconsin Department of Transportation (WisDOT) staff will give brief 15-minute presentations each half hour and be available to answer questions.

Please use the front entrance at Neenah City Hall, 211 Walnut Street.

Roundabouts are relatively new to Wisconsin, and 16 of them are being built in Winnebago County as part of the US 41 Project. While they are easy to navigate, there is a learning curve for motorists who are new to them. This meeting is part of an overall outreach campaign by WisDOT to educate motorists about roundabouts.

For more information about the US 41 Project and the roundabouts that will be part of it, go to www.US41wisconsin.gov, and click on "Overview" then "Special Project Features."
